A BURST IN END-
OF-YEAR SALES IS
EASY AS PIE.

TASTEFUL — HOLIDAY PIES MADE EASY — TRADITIONS

Sara Lee's holiday pie program is field-proven. For over a decade it has brightened the bottom lines of institutional food service operations, with only one limitation: because in a number of programs the pies were baked-off at the unit, it required more culinary talent, staff time and oven space than many accounts had readily available.

Tasteful Traditions changes that. In classic holiday spirit, it's a pie program that *everyone* can feel good about:

Customers will love the:

- convenience of getting a traditional holiday pie right from their café
 - selection of traditional, fresh-fruit fillings to choose from, and
 - praise they'll get sharing it with family and friends.

***You* will enjoy incremental sales and profitability from a program that's easier than ever to run, because all pies are delivered to the unit pre-baked!**

- Choose your pies from a mouth-watering selection
- Customers pre-order, pre-pay and choose their pick-up time slot
- Offer a convenient way for clients and customers to buy holiday pies
 - Draw new customers to the café
 - Drive incremental sales and profitability
- Establish an on-going holiday tradition that clients and customers will look forward to
 - Build loyalty and add value to the client/contractor relationship
 - Celebrate the holiday season with clients and customers

Chef Pierre®

Easy as pie. No matter how you slice it.

Tasteful Traditions takes a proven recipe for success and makes it easy as pie for *any* operation.

1.

Choose your pies from a mouth-watering selection. You can offer three or four traditional holiday favorites, or dazzle your customers with a dozen varieties!

2.

All pies are delivered pre-baked, frozen and overwrapped, 8 per case. Different varieties are offered unsliced or pre-sliced

3.

Spread the word throughout the facility

4.

Offer samples and order forms in the café

5.

Customers pre-order and choose their pick-up time slot

6.

Offer customers the option to pick up ready-to-serve or frozen

7.

Repack in Kraft boxes

Offer these attractive pies to customers “ready-to-serve” (thawed) or frozen. If practical, give them the choice. Thawing the pies in advance is a convenience for your customer and a thawed pie has an improved appearance over its frozen counterpart. A refrigerated pie has a 4-day shelf-life, a pie kept at room temperature has a 2-day shelf-life.

Higher standards

Clean ingredient statements and local sourcing are important, and our buyers, bakers and quality control work hard to make that a reality. We're proud to regionally source many premium ingredients, from crunchy Georgia pecans to crisp Michigan apples, to rich, creamy butter from Nebraska and Wisconsin.

Fresh-picked fruit, naturally sweetened. No artificial colors, no artificial flavors, no trans-fats. It adds up to genuine goodness your customers can taste and quality that everyone can trust.

TO THAW AT THE UNIT:

- Remove the overwrap and place the pies on sheet pans on speed racks to thaw. (Room temperature 3 - 4 hours or refrigerated 8-10 hours.)
 - The thawed pies can then be overwrapped and placed into Kraft-colored boxes tied with brown and white bakers' twine, ready for customer pick up.

FOR FROZEN PICK-UP BY CUSTOMER:

- Leave the pies in the over-wrap and repackage the frozen pie in Kraft-colored pie boxes.
- Customers will follow thawing instructions on the Pick-Up Form when they arrive home.

Features & Benefits

- Pre-baked to reduce prep time, save labor, ensure consistency and eliminate the potential waste from over-baking.
 - Naturally sweetened, with no artificial colors, no artificial flavors and no trans-fats.
- Shrink wrapped to maintain moisture and protect crust from breakage and freezer burn.
 - Kosher KVH-D

TIMELINE

CONTRACT FOOD SERVICE COMPANIES

Contract food service companies may start as early as mid-September to identify participating market segments and units, arrange for packaging, notify their distributor and solicit advanced orders.

SELF-OPERATED SYSTEMS

Self-ops and individual units should consider the following dates as a starting point as you develop your own schedule to ensure you have everything needed to run a successful holiday pie program.

SCHEDULING PICK-UP

For the optimum balance of customer convenience and staff utilization, we recommend two pick-up slots each day/shift.

For most operations, this would be toward the end of lunch (say 1:30-2:30), and at the end of the workday (e.g. 4:30-5:30).

In addition to pick-ups every day of Thanksgiving week up till the holiday, you might want to extend it to the preceding Friday for those taking off the entire week.

SEPTEMBER - Week 4:

- Large self-op systems solicit advanced orders and communicate intent to participate in the holiday pie program with their distributor

OCTOBER - Week 1:

- Pies stocked into distribution
- Download marketing collateral materials from Sara Lee/Chef Pierre

OCTOBER - Week 3:

- Order Thanksgiving pies and packaging from distributors or direct from Sara Lee/Chef Pierre "Bakery to Go" packaging program.

OCTOBER - Week 4:

- Preordered packaging materials to units (pie boxes, brown and white bakers' twine and bakery-to-go labels)

NOVEMBER - Week 2:

- Start staff training on program details
- Launch promotion with marketing collateral, pie displays, intranet posts, retail signage and marketing desk drops.
- Pies arrive at unit

NOVEMBER - Week prior to Thanksgiving:

- Set up pie display tables, take orders (Pies are paid for in advance)
- Set up high visibility display of boxed pies near register for impulse purchases

THANKSGIVING WEEK (plus the Friday before):

- Customer pick-up in the cafe

NOVEMBER - Week after Thanksgiving:

- Order winter holiday pies (Christmas/Hanukkah/Kwanzaa)

DECEMBER - Week 1:

- Launch promotion with marketing collateral, pie displays, intranet posts, retail signage and marketing desk drops.

DECEMBER - Week 2:

- Set up display tables, take orders (Pies are paid for in advance)
- Pies arrive at unit

DECEMBER (7 business days prior to Christmas thru Christmas eve):

- Customer pick-up in the cafe

MARKETING

PIE DISPLAY TABLE: We also recommend setting up a display table to showcase Tasteful Traditions holiday pies at the café entrance or in close proximity to the cashier.

At Thanksgiving, give the display table a fall theme. Use risers to display whole pies at different heights. Place order forms on the table for customer convenience.

You should also have pre-packaged pies available for impulse purchases. We recommend clearly labeled Kraft-colored boxes with cello windows, tied with bakers' cord. As your customers carry these from the café, they become traveling billboards bound to attract the interest of others.

In December for Christmas, Hanukkah and Kwanzaa, your display table should have a festive holiday season flair. Keep it generic in style and pie-centric.

GETTING YOUR ADS IN GEAR

PROMOTING OUTSIDE OF THE CAFE

The strong drawing power of this holiday pie program makes it an ideal vehicle for attracting non- and infrequent customers to the café. Identify and consider all of the available media options to get the message out far and wide:

Order your holiday pie in the café today!

These media might include:

Digital Messaging

Ask the communications or HR department to include this in the message cycle of monitors around the facility.

(Tasteful Traditions logo)

Holiday pies made easy.

Order yours in the café today!

Department Bulletin Boards

Print 8.5" x 11" copies of the POS. With the permission of the client/administration, post these on department bulletin boards, in lobbies, and at other high traffic points around the facility. Also consider coordinating with the mailroom for desk drops.

Newsletters

Check with your facility's communications department to see if there are newsletters and other wide-reaching communiqués that you could use to spread the word.

(Tasteful Traditions logo)

Holiday pies made easy.

Order yours in the café today!

CAFÉ INTRANET SITE

The home page of your café web site should trumpet the news: Order your holiday pie in the café today!

If your web site is transactional, set up a section to showcase your pies and take orders.

Download the Tasteful Traditions logo as a stand-alone (JPG) graphic and use it on both in-house marketing materials and promoting outside the café.

SALES CONTEST

Contract food service companies and other large organizations should consider a sales contest to top off this popular program. Offer a gift card or widely appealing incentive (usually in the \$150-\$300 range) and challenge unit managers to shoot for the top sales. The pie's the limit!

...AND THEY'LL WANT TO COME BACK FOR MORE

A look ahead to next Fourth of July

"As American As Apple Pie" is a phrase symbolic of American pride. And Independence Day—in the heart of summer picnic season—is a golden opportunity for another pie promotion. Enjoy your holiday pie program, and count on Sara Lee to bring a fresh pie promotion to your summer menu!
