

FIRE BRAISED

MEATS

FIRE SEARED. SLOW BRAISED. NO SHORTCUTS.

SCRATCH START. SCRATCH FINISH.

Every day, we cook from scratch. We sear our HORMEL® FIRE BRAISED™ Meats, engulfing them in flames. This creates a unique taste with overtones of caramelization — and a very distinctive appearance. Then we slow-braise these meats to tender, juicy perfection. It takes hours, but it consistently delivers outstanding flavor and texture. Which gives you a great starting point for your creations.

An Ultimate Ingredient

We make HORMEL® FIRE BRAISED™ Meats the way you would—with high-quality meats and proven preparation methods that produce tender meats, desired flavors and stunning end results. It's convenience and simplicity that is indistinguishable from scratch.
