

**Deliver a simple,
safe skincare experience**

We've got you covered

Tork® offers a complete line of products designed to meet all your skincare needs and improve your washroom image and appearance. Whether you prefer foam or liquid soaps and sanitizers, manual or automatic dispensers, Tork has the right solutions to meet your needs.

The cleaning strength you need

Tork Foam and Liquid Skincare Refills are formulated for strong performance. Yet, they are gentle on skin and mild enough for frequent hand washing, especially in environments like foodservice and healthcare.

Dye-free, fragrance-free, Green Seal™, ECOLOGO®, and NSF certified selections are available to meet your specific washroom needs.

Tork hand sanitizers provide additional hygiene without the use of water and are available in 70% alcohol for hygiene critical environments and alcohol-free formulas for traditional use.

The easy maintenance and stylish look you want

Tork Foam and Liquid Skincare Dispensers are part of the Tork Elevation family of dispensers, providing sleek, hygienic dispensing and creating a coordinated washroom design.

Both manual and automatic dispensing systems hold a high-capacity bottle, delivering more hand washes per refill, which helps manage usage and reduce overall costs.

Collapsible bottles ensure complete consumption of the refill and quick and easy refilling of the system. This helps reduce waste and unnecessary spills while refilling the dispenser, saving time and labor. And hygienic nozzles prevent the risk of cross-contamination, so your guests can enjoy a fresher experience.

A hygienic, sealed system

Tork soap and sanitizers come in sealed bottles and have a fresh nozzle with every refill for a more hygienic hand wash. The fully collapsible bottle ensures refills are completely used, reducing waste.

Dosage and battery life

- 1 liter liquid refill = 1000 doses
- 1 liter foam refill = 2500 doses**
- Amount dispensed per push = 1 ml for liquid refill
- Amount dispensed per push = .4 ml for foam refill**
- Approx battery life = 90,000 doses or up to two years from 4 standard C-size alkaline batteries*

Quick and easy refilling

Certified effortless maintenance and intuitive refilling in less than 10 seconds, simplifying maintenance. Open the dispenser and take out the empty bottle. Twist the foam nozzle or end tip on liquid caps to open, put in the refill and close. Ready to use.

Tork Skincare

- Touch-free, automatic dispenser option
- High-capacity
- Controlled dispensing
- Collapsible bottle
- Quick and easy refilling
