PRODUCT GUIDE

PLANT-MILKS MADE FOR COFFEE

Why Barista Series?

For more than 20 years, Pacific Foods Barista Series has been “Barista Inspired, Barista Approved.®” Our plant milks are specifically designed for coffee—they’re the product of hundreds of hours of tasting, testing, steaming, and pouring—so that they’re exactly what coffee shops and coffee professionals need.

With delicious, neutral flavors that taste great in espresso and cold brew, Barista Series products are designed to perform like dairy, so you can serve beverages that look and taste fantastic.

FLAVOR

Barista Series products have subtle flavors designed to complement coffee, not overwhelm it.

STABILITY

In hot or cold coffee, espresso, and cold brew, Barista Series products retain their density and smoothness to ensure consistently creamy beverages—drink after drink.

TEXTURE

Barista Series products make the perfect micro-foam with the ability to pour amazing latte art.
