

20fy.ai helps independent restaurants turn customer feedback into more customers. In minutes, the platform drafts on-brand replies to every review, surfaces clear themes in guest feedback, and shows what's driving ratings up or down. Start your free 14-day trial today—no credit card required.

Key Benefits

- AI-drafted replies to every review, in your voice
- Respond in seconds instead of late at night
- Review and approve replies with one tap, or let it run
- Distills feedback into clear themes
- Reveals what guests love, what's slipping, and which fixes matter most
- Shows what's driving ratings up or down
- Helps turn a stronger reputation into repeat guests and new ones
- Connects Google, Facebook, and Instagram in minutes with no IT required
